

Fundraising: Before and During the Raise

An EWOR Checklist

Also have a look at our [CRM Template](#), [Data Room Template](#), and [Pitch Deck Template](#)

Step 1

Determining Fundraising Readiness

✓ To do:

- I know how much I want to raise.
- I know the milestone to which this amount of money will get me.
- I have a rough understanding of my unit economics, either empirical or benchmarked.
- I have a clear idea of my competitive landscape and can explain in depth how we are different to every relevant competitor.
- I have a cost model in place that helps me determine my runway.
- I know which valuation I'm asking for.

Step 2

Document Preparation

✓ To do:

- Pitchdeck built; see our guideline [here](#).
- Market size calculation done (Gsheet / Excel).
- Competitor research document created.
- Data room created; see our template [here](#).
- Optional: Financial forecast done.
- Optional: One-pager / exec summary done.
- Optional: Product demo recorded.
- Optional: Customer testimonials collected.

Step 3

Get Feedback / Adjust Course

✓ To do:

- Practise pitch presentation.
- Practise investor meetings.
- Define a group of 3-5 close friends and ask for feedback.
- Collate FAQ document.
- Set up Tier 2 angel meetings for further feedback.
- Improve FAQ.
- Refine pitch.
- Repeat.

Step 4

CRM Preparation, Investor Research, and Gearing Up

✓ To do:

- Set up CRM; see our template [here](#).
- Establish team access and responsibilities.
- Create an investor target list (look at: investment thesis alignment, stage focus, industry/vertical, geography, check size, lead/follow, portfolio overlap).
- Identify a key contact person per institution.
- Rank investors as prio 1-3.
- Identify (multiple) warm introductions per investor.
- Clear the calendar (minimum 4h of call time per day, better if more) & Calendly/scheduling link set up.
- Plan timing of raise (avoid holidays, end of quarters).
- Establish a communication cadence.
- Determine batching strategy (how many investors to approach at once).
- Email templates written (outreach, follow-up, DD materials, ...).

Step 5

Pitching / During Raise (use this checklist daily)

✓ To do:

- Prepare meetings for the day with background research — LinkedIn/YT/articles, set custom talking points, and so on.
- Update CRM and check if all follow-ups have been written, thank you messages within 24 hours.
- Free up extra time for deep dive meetings and due diligence.
- Update FAQ document with practised answers to difficult questions.
- Keep your pitchdeck up to date.
- Track process metrics (conversion rates between stages)

While not daily tasks, we also recommend completing the following:

- **Weekly:** Write a progress update, create scarcity, leverage momentum and social proof.
- **Weekly:** Identify and deprioritise time-wasters.
